

SPILLCON

20 – 24 May 2019
Perth, Australia

SPEAKER

Eur Ing ANDREW MYERS CEng IMechE

Andy has over 20 years' experience in the oil and gas industry predominantly on Capital Projects with a subsea focus. Andy has worked for detailed design houses, consultancy companies, installation contractors and most recently for 9 years at ConocoPhillips being responsible for the Jasmine HP/HT and the latest phase of the Brit Satellites subsea project deliveries.

Andy joined the Oil Spill Response Limited (OSRL) Subsea Well Intervention Service (SWIS) organisation full-time early 2018 in a global role as the SWIS Engineering Manager with the prime accountability of maintaining the response readiness of the OSRL SWIS equipment for Subscribers.
